

# What is Business *Alpha*?

Business Alpha is a presentation of the Alpha course in the work place or boardroom running weekly for 8 weeks for each course. And it's free!!.

Business Alpha seeks to support the **open, honest and practical exploration of the questions of life.**

**Business Alpha can help anyone sincerely interested in looking for answers** that help to impact on business, work, professional and family relationships and especially one's relationship with God.

## What is the *Alpha* Course?

The Alpha course is a dynamic series of talks on the Christian faith. Alpha is low-key, friendly and fun. It will run for eight weeks.

Alpha is conducted in a relaxed, non-threatening manner (around lunch for Business Alpha) with different modules presented each week.

Presented by Nicky Gumbel, former barrister and law graduate of both Oxford and Cambridge and, now a member of the ministry team at Holy Trinity Brompton in London, the Alpha course reveals that there is a lot more to Christianity than you may have thought.

### COMMENCING:
